

Three Lost Seeds Seed Pod Stamps Craft

Follow along with FCMoD's live stream Storytime in the Home: *Three Lost Seeds*. Then gather your supplies to make your very own nature inspired seed pod stamps!

Supplies:

- Colored paper
- Modelling Clay
- A pencil
- A plastic knife
- White paint
- A paper plate
- Optional: Paint brush

Instructions:

1. Place all your supplies on a clear surface with plenty of room to work.
2. Cut a small piece of clay off with a knife. Using your fingers, pinch part of the clay into a small handle and then press the clay flat on a surface to make the flat stamp end.
3. Images of seed pods can help inspire your seed pod stamp design.
4. Using a pencil or knife, shape the stamp to look like your seed pod.
5. Dip the stamper in the paint and press it on a piece of paper. *Tip: Too much paint will look globby. Try brushing the paint on with a paint brush if you want a smoother stamp.*
6. Use your stamp to make beautiful seed pod art! You can also make other nature inspired stamps with your clay. Have fun and be creative!
